

Canoe category sheet

Appliance supply and delivery under the Canoe Procurement Group contract

Product categories and services available to Canoe members through CARE. Final categories, brands and pricing are governed by the contract schedule; this sheet is a summary for planning purposes.

Category	Typical items	Included services
Kitchen appliances	Refrigerators, ranges, cooktops, wall ovens, range hoods, dishwashers, microwaves	Supply, delivery, installation, haul-away and recycling of the old unit
Laundry	Washers, dryers, stacked and combination units	Supply, delivery, hook-up, venting check, haul-away and recycling
Full-suite packages	Complete kitchen and laundry sets for unit turnovers and new builds	Bundled pricing, staged delivery, multi-site scheduling
Energy upgrades	Heat pumps, smart thermostats, weatherization	Assessment, installation by certified technicians, documentation
Removal and recycling only	End-of-life appliances from portfolios or renovation projects	Pick-up, decommissioning, refrigerant recovery, recycling records
Logistics and delivery programs	Program deliveries, white-glove moves, furniture and room set-up	Scheduling, tracking through CARE Logistics, proof of delivery

Contract CAN-2026-004-CAR, category Residential Appliances. Level 1 (Ontario): full turnkey service. Level 2 (AB, BC, MB, SK, NS, NB, PE): supply and delivery with manufacturer support, GE/Mabe today and more partners being added, where postal-code coverage applies. Energy upgrades, removal-only and logistics rows are Ontario services outside the Canoe appliance category unless quoted otherwise. No prices shown; contract pricing on quote.
